What are the eligibility requirements to be the Mountaineer Mascot?

To be eligible for initial consideration and continued participation as the West Virginia University Mountaineer, applicants must meet the following criteria:

- 1) The student must be enrolled as a **FULL-TIME** undergraduate or graduate student at West Virginia University. He/she must be a student on the Morgantown campus of West Virginia University.
- 2) The student must have and maintain a minimum cumulative grade point average of 2.5 on a 4.0 scale.

How does the selection process work?

After each candidate turns in an application for the position, the Mountaineer Mascot selection committee, which consists of several WVU students, faculty, and staff members, review the applications. Depending on the number of applicants, the committee will select no more than ten candidates to participate in a half-hour interview. After the interview process, the top four candidates based on a combination of their interview and application scores will participate in a mascot try-out during a WVU basketball game. During the mascot try-out, the top four candidates will get to wear buckskins and carry a rifle. Also during the try-out, members of the selection committee will evaluate the candidate's performance and interaction with the crowd. The committee will then select the new Mountaineer Mascot with the highest score based on a combination of their application, interview, and try-out scores. The candidate with the second highest score will be selected as the Mountaineer Mascot Alternate. The selected applicant will begin his/her term as the Mountaineer Mascot at the annual Blue and Gold football game in April. Between the time of selection and the Blue and Gold football game the incoming Mountaineer Mascot will work with the current Mountaineer Mascot using the current Mountaineer as a mentor to learn about the role of the Mountaineer and how to conduct him/herself as the Mountaineer.
